Re: Release of the Online System for Corporate Users

MtGox Co., Ltd.

Rehabilitation Trustee:

Nobuaki Kobayashi, Attorney-at-law

We are pleased to announce that we have released an online rehabilitation claim filing system (the “System”) for corporate users who filed their proofs of bankruptcy claim by using the MTGOX online bankruptcy filing system (in the bankruptcy proceedings) which allows corporate users to file their proofs of claim by online methods in connection with the civil rehabilitation proceedings.

We released the System for individual (non-corporate) users on August 23, 2018, but, going forward, the System will be also available to corporate users who filed their proofs of bankruptcy claim by online method in the bankruptcy proceedings. The System is available at MTGOX’s website for the System (<https://claims.mtgox.com/assets/index.html#/>).

Please visit the website and file your rehabilitation claim by the end of the period for filing of rehabilitation claims (i.e., October 22, 2018).

[End]
