**Notice of Expiration of Deadline for Selecting Repayment Methods and
Registering Payee Information**

The deadline of April 6, 2023 (Japan time), for selection of repayment methods and registration of payee information (the “**Selection and Registration**”) has passed. In future, rehabilitation creditors will not be able to carry out or change the Selection and Registration unless expressly approved by the Rehabilitation Trustee.

Going forward, the Rehabilitation Trustee will carry out the necessary preparations to make the repayment, which include the confirmation of the Selection and Registration made by the rehabilitation creditors, as well as engaging in discussions and sharing information with banks, fund transfer providers and cryptocurrency exchanges or custodians involved in the repayment. In light of this, it is expected to take some time before the repayment is commenced.

Base Repayment, Intermediate Repayment and Early Lump-Sum Repayment are currently scheduled to be made by October 31, 2023 (Japan time), but the specific timing of repayment to each rehabilitation creditor has not been determined yet. Please also note that, in consideration of various circumstances, the above deadline might be extended with the permission of the Tokyo District Court, or a different deadline might be set for some of the repayments with the permission of the Tokyo District Court.
